NOTICE.

FOR RENT

To Owners of Horses

Do you know that a horse so unfortunate that does not have the feeling which Nature intended? He could not pressure and hard and stony roads some protection for tender feet is necessary, but ordinary shoeing is inadequate and injurious. It throws the entire weight of the horse on the outer rim of the hoof alone, and removes it entirely from the frog, leaving the latter exposed to injury from nails, glass, or jagged stones, upon which a horse is liable to step at any time. The result is thousands of cases in that the horse becomes lame from contraction, corns, thrush, ring, or bruises. Ordinary shoeing is wrong in principle and injurious in practice. It is little better for a horse than would be a shoe with only a rim of leather for it sole for man's use. A horse can be shod so that the pressure shall be distributed just as it would be were the horse standing barefooted on the turf, and at the same time a complete protection against all injuries to the foot can be secured. This can be done by using the **LOCKIE HORSESHOE PAD**, the principal feature of which is a thick sole leather sole placed between the hoof and shoe, as sole to the foot. The **LOCKIE PAD** is used and indorsed by the managers name by **PETER DOBLE**, and scores of well known horse drivers and runners; **DR. WM. SHEPPARD**, and scores of well known veterinary surgeons; **H. V. DOWD**, and scores of well known horse owners; **J. J. BROWN**, and scores of well known foremen. Hundreds of horseshoers indorsed. Save your horse by saving his feet. Increase his value by curing his feet. Make his work more valuable by giving him a safe, sure, and springy footing. Also increasing the confidence and speed, improving his temper, and giving him the disposition to do his greatest and best. Thousands are now using the **LOCKIE PAD**, and every one of them indorse it. Every horse owner is cordially invited to call and learn more about the Pad, as we write for full particulars. We will shoe your lame horses with the Pad, and if they are not cured will charge you nothing. Liberal discount to the Trade. All horseshoers can apply the Pad without license.

DR. PEIRSO CATARRH,

A PRESCRIPTION FOR DYSPEPSIA.

Certain, harmless, rational, and, most agreeable of all, no drugs necessary. By complying with the following suggestions of the symptoms of dyspepsia, such as distress of stomach, nervousness, insomnia, languidness, sick headache, heartburn, etc., etc., will disappear, the sufferer will again be cheerful, able to fulfill his duties and to enjoy life. Thousands have been profited already, and many thousands more can be made happy also. Now for the prescription:

Breakfast—A slice or two of toast or cracked wheat, a cup of coffee or tea (if desired), and a glass of Arend's Kumyss.

Dinner—A moderate piece of lean beef or mutton, a mealy potato or two, a little bread, and a glass of Arend's Kumyss.

Supper—No solid food whatever, simply one or two glasses of Arend's Kumyss. A glass of Kumyss may also be taken on retiring. Most people sleep better on it.

Though the regime of diet may seem exact to such as are in the habit of satisfying their appetite (not distinguishing between appetite and hunger), yet scientific investigation and experience have proved that it is sufficient for all but hard laborers. With above diet the dyspeptic grows healthy, nutrity, hearty, where on a richer diet he steps poor, weak, and sickly. One week's trial will tell the story and prove the logic of similar suggestions. If you do not know what Arend's Kumyss is you can have a treatise thereon mailed to you, gratis, by addressing
